Dear Friend of the Wetlands,

Next year, the BCWA will be celebrating 25 years of exciting conservation and restoration work in the Beaver Creek Wetlands.

With over 2000 acres of unique wetlands preserved we are now faced with the enormous task of maintaining and restoring these wetlands so that they are healthy, diverse, function to improve water quality and provide ideal green space for the community.

Any contributions that you make support:

- Removal and control of invasive non-native plant species, which crowd out native plants.
- Purchasing and planting native trees, shrubs, flowers, sedges, and seeds to replace the removed non-natives.
- Building and restoring boardwalks and trails for public access, recreation and enjoyment.
- Educational opportunities for school children and adults through special events and publications such as *The Spotted Turtle* newsletter and trail guides.

Clip and mail the form below along with your check.
